[image]

Requestttt

Ivypool x Hawkfrost

[image]

No, just no! Hawkfrost tried to kill her. And he only picked her because she was a good choice to train in the dark forest.

0/10

Bumblestripe x Dovewing

[image]

Dovewing never liked him. It'd be one sided love, but she might start to like him if she ever gave him a chance. (AKA if Tigerheart never met her)
Anyways, I feel like even if she never met Tigerheart I still feel like she would never like him. She likes those B A D B O Y S.

1/10

Cinderpelt x Littlecloud

[image]

Uh, I dont really know. Didnt even know people shipped this tbh. Did they ever interact other than the Medicine cat meetings and gatherings..? I can't remember very well but I'm gonna give it a 0.

0/10

Ashfur x Hawkfrost

[image]

No words.

0/10

Barley x Ravenpaw

[image]

This ship is so cute to me, as of reading the Manga for Ravenpaw. It's nice to see a wholesome ship in this Fandom from time to time.

10/10

Brightheart x Cloudtail

[image]

Adorable. Lovely. Cute.
Cloudtail stuck with her even with her injuries.

10/10

Graystripe x Silverstream

[image]

Kinda went to fast, and ya I understand that part of the reason it went fast is cuz silver died but still, gray seemed to only like her for looks and got kinds obsessed which I didn't really like

6/10

Leafpool x Crowfeather

[image]

I like this ship.
1. Leafpool is the mother of our beautiful Hollyleaf. ♡
2. Crowfeather is the father of our beautiful Hollyleaf. ♡
3. They ran away together *Disney princess vibes*
4. Crowfeather gave Leafpool up so that she could be happy and do what she needed to do. In my opinion this ship is much better than Night x Crow and Feather x Crow.

10/10

Jayfeather x Half Moon

[image]

I love this ship, I love these characters! Jayfeather actually seemed to like her very much. And half moon seemed to like him too. I do feel like this relationship could have worked if Jayfeather stayed in the tribe of rushing water, but he could have never stayed. But I also feel so bad that Half Moon is going to fade once Jayfeather dies. Sooo

8/10

Firestar x Sandstorm

[image]

Nothing to say about it but, I dont really like haters to love relationships.

2/10

Bramblestar x Squirrelflight

[image]

I hate both of these cats. But I hate Bramblestar more, he doesn't pay any attention to Squirrelflight and doesn't believe her or seem to trust her very much. I also dont like how Squirrelflight never told Bramblestar about Hollykit(leaf), Jaykit(feather, and Lionkit(blaze). She lied about him being the father and I feel like there is no trust in this relationship. It's as if your first ever crush/ dream relationship as a kid actually worked out. It just won't work. And I completely hate that Squirrelflight just keeps coming back and following,, defending Bramblestar. Yes, I know she is the Deputy but I feel like she should take a break from doing that... As much as I hate her I do wish for her to get someone better than Bramblestar. Over all this seems like a very toxic relationship that should end.

0/10

Hollyleaf x Fallen Leaves

[image]

Idk. I hate the age gap.
I feel like Hollyleaf would be better without a mate. Her character is best known for being 'obsessed' with the warrior code. And I feel like people just want to ship her with some cat. Although at first glance this ship is cute, it just isn't my cup of tea.

3/10

Lionblaze x Cinderheart

[image]

No comment. Except I love how Cinderheart(pelt) wanted Fireheart but got his grandchild in her second life xD

9/10

Jayfeather x Stick

[image]

I know it's a joke a stuff but... I really don't like it, just- the thought of someone dating an object that doesn't talk, move by itself, or show affection, kindness, and all that good stuff just doesn't sit right with me.

2/10

{ If I'm rating all of the fan art made about this ship it would be 10/10 because the art is adorable }

Crowfeather x Feathertail

[image] [image]

Again, like I said in the Bramblestar X Squirrelflight chapter. It's kinda of like a childhood crush that I don't feel would work out. ALSO. This, where I finding some of these ships said THIS about this ship..:

This just made me angry. And idk why, they're just fictional characters buy it still really makes me mad.
I don't think Crow would have been happier. It was Childhood love, he was to little to actually find someone he liked very much. I do not think he loved feather more then leaf. Here is my proof: Crowfeather literally ran away with Leafpool just so they wouldn't get in trouble for their forbidden love. Leafpool sensed something wrong was happening at ThunderClans camp, Crowfeather let her go back because he loved her so much- He never really did anything like that with Feathertail, eh?
Also, yes, I understand he never had time because he died. But still, they would have gone their separate ways. But. This is just my opinion that really doesn't matter.

1/10

Dovewing x Tigerheart

[image]

I hate both of these characters. I just hate how unloyal and bratty Dovewing is, like THE WORLD DOESNT REVOLVE AROUND YOU JUST BECAUSE YOURE 'SPECIAL'. And idk why I hate Tigerheart I just kinda do lol.

5/10

Longtail x Mousefur

[image]

The seem very cute together, haha. And I like how Longtail can deal with Mousefur's stubbornness.

10/10

Rootspring x Bristlefrost

[image]

This is one of my favourite ships. I just think they are really cute. I like how they talk together and how Rootspring never gave up-

9/10

Hollyleaf x Ravenpaw

WHAT?!?! PEOPLE SHIP THIS??? RAVENPAW IS THE AGE OF HER GRANDPA WTF. NO, IM SORRY BUT IF YOU SHIP THIS JUST LEAVE, PLEASE I DONT WANT TO INTERACT WITH YOU. EVER.

0/10

Swiftpaw x Brightheart(paw)

[image]

It's cute but they were just friends. And idk if they were siblings or not loll

4/10

Leafpool x Mothwing

[image]

I hate this ship. So much. Idk why, I think it is because this Fandom just ships any she-cats who interact or show a bond of friendship. I just completely hate this ship.

0/10

{ BUT, If I was rating this ship off of the fan art it would be a solid 9/10.
1. Because omg Mothwing's pelt design and cokours are so pretty. And so are Leafpools!!
2. They are so cute- omg }

Tigerstar x Sasha

[image]

I haven't read Sashas Manga.
I feel like Tigerstar only used her. Idk what he would have used her for but I feel like he did.

0/10

Leopardstar x Tigerstar

[image]

....
Again! Tigerstar just used to Leopardstar to try to get more cats!

0/10

Fireheart(star) x Cinderpelt

[image]

It's cute. I like it more than Sandstorm x Firestar. But still, I feel like it wouldn't have worked out. But hey! Logic I this Fandom doesn't matter!!! Let's just start shipping cats who never met or interacted or just had close friendships.

7/10

Dovewing x Foxleap

[image]

Who tf is Foxleap.

0/10

Raggedstar x Yellowfang

[image]

Sigh.. It seems pretty abuse/toxic... and Raggedstar is a terrible father. The whole Brokenstar kit problem could have been avoided if he had good parenting. Giving him to a warrior that hates kits was a bad move on Raggedstars part. I used to ship this in the very beginning of Yellowfangs secert (or whatever its called) but soon learned that Raggedstar is a dumb and clearly doesn't care about Yellowfang.

1/10

Swiftpaw x Mosskit

Mosskit is a CHILD. Swiftpaw is also a child that shouldn't be in a relationship at such a young age. Even in Starclan I feel like they wouldn't interact in that kind of way.

0/10

bro do these cats even interact with each other

Firepaw(star) x Graypaw(stripe)

[image]

...
I really dislike Graypaw(stripe). I also dislike Firepaw(star). Can this Fandom go one second without shipping friends? Just let them be friends without shipping them

0/10

Crowfeather x Nightcloud

[image]

Crowfeather only mated with her to show to Windclan that he was faithful and loyal after running away...

0/10

Hollyleaf x Breezepelt

[image]

God-
WHY?!
I don't want my favourite cat being shipped with any cat. She never had good bonds with cats (cinderpaw, willowpaw.. be quiet I know.) So the Fandom is now just shipping her with her FAMILY, DEAD CATS, OR CATS OLD ENOUGH TO BE HER GRANDPA.

0/10

THEY. ARE. HALF. SIBLINGS. STOP. SHIPPING. THEM.

Note: LOOK AT THIS.

THESE LITTLE SHITS ARE SUPPORTING INCEST-
I DONT CARE HOW "CuTE" THEY WERE, THEY. ARE. SIBLINGS.

Blossomfall x Ivypool

[image]

They were just friends! But I do find them cute together, Blossomfall seemed to trust Ivypool. Buttt yet again she kinda acted like a baby when she had to hang out with Ivy instead of Dove.

3/10

Stormfur x Squirrelflight

No.

0/10

Lionpaw (blaze) x Heatherpaw (tail)

[image]

Darkclan... that was adorable.. but those visions/dreams Lion was having was scary for him and he really didn't want to hurt her.. I find that cute that he 'got rid of her' / stopped hanging out with her because he didn't want to hurt her.

10/10

Brokenstar x Tigerstar

0/10

fireheart(star) x spottedleaf

-I haven't updated any of my books lately, so, sorry about that and I also took a break from warrior cats so if any of the information is incorrect just tell me lol, I have a tendency to forget important details:')

mmMMmMMMMmmMMmmmM 5/10

I do think they could be cute if Spotted wasn't a med cat and they were closer in age, but I do feel like Fire just had a childhood crush, except why would he be getting visions only with her in them if she was just a childhood crush?? Anyways, I think they could be cute but the situations ruined it for me.

Shadowsight x Rootspring

Cute, and better than the option of a threesome between Bristle, Shadow, and Root. (bc shadow and bristle are cousins)

I don't think they had as many interactions as Root did with Bristle but they worked well together when they did!! 7/10
